Mr. Thomas K. Latimer, Staff Director
Permanent Select Committee on Intelligence
House of Representatives
Washington, D.C. 20515

Dear Tom:

The subparagraph which follows is in response to your request of 22 November 1978 regarding the Agency's Summer Intern Program:

For the past ten years Summer Interns have worked in the Operations Center. Last year there were three. Overall there have been sixty in the program assigned to offices in NFAC, DDA and the DDS&T. These students were given full Agency security clearances. They were also given exotic clearances such as SITKH. All were briefed by the Director of the Agency, the four Deputy Directors and the heads of independent offices that employed the Interns. Included in these briefings were guided tours of the Operations Center, NPIC and the cartographic section of the Office of Geographic and Cartographic Research. In their positions they had complete access to all information required to complete their Summer Intern assignments.

I am hopeful that you will find the foregoing helpful.

Sincerely,

(S)

Assistant Legislative Counsel
